Jen

Karl, Kristine and I will be at the EPA office, so we can either dial Bob & Jim directly if we know which numbers to call or use the LWG conference line if that is available. If you can send a notice that will confirm it on our calendars.

thanks
Chip

Hi Jen

We'd like to check with Bob & Jim about getting together for a short meeting or call next week to discuss fish tissue sampling. We had a short discussion about this topic after the LWG roll-out meeting. Ideally, the discussion would occur in advance of the Project Managers call on Thursday afternoon. I anticipate Karl Gustavson and I, and possibly Kristine, would be involved for EPA. We're available Monday afternoon, Thursday morning @ 9am, or Wednesday after 4pm.

Please let us me know if any of those options would work, or if you have any questions.

thanks
Chip Humphrey
